

110% Software LLC (#703)

1355 Sherman Road, #601
Hiawatha, IA 52233
Tel: 319-393-8404
Fax: 319-393-0232
www.110percentsoftware.com

PSM Assist from 110% Software is designed for achievement of Process Safety Management compliance. Your PSM information is stored securely and available at anytime/anywhere. PSM Assist notifies you when the audits are due, provides user and contractor forums and reports quickly and easily. PSM Assist also allows for field data entry using handheld PDAs.

Advantage Refrigeration Inc. (#603)

16200 W Glendale Drive
New Berlin, WI 53131
Tel: 262-784-9999
Fax: 262-783-9997
www.advantagerefrigeration.com

Advantage Refrigeration Industrial Inc is an innovative technically advanced provider of Design/Engineering, Installation and Servicing of today's Commercial & Industrial Refrigeration Systems. Advantage, in tune with the future, offers Smart Parts Connection.Com® the industries first On-Line, web based P&ID referenced source for Industrial refrigeration parts and ammonia related products.

Airgas Specialty Products (#303)

6340 Sugarloaf Parkway, Suite 300
Duluth, GA 30098
Tel: 770-717-2210
Fax: 770-717-2222
www.airgasspecialtyproducts.com

Supplier of ammonia, pump-outs, ammonia safety training, PSM/RMP management and ammonia distillation services.

Alfa Laval Inc. (#504)

5400 International Trade Drive
Richmond, VA 23231
Tel: 804-236-1347
Fax: 804-236-1303
www.alfalaval.us

Alfa Laval is a global supplier of heat transfer products. Alfa Laval's innovations include - Semi-welded plate-and-frame heat exchangers and AlfaNova, the world's only 100% stainless steel fusion-bonded heat exchangers, for use as evaporators and condensers in refrigeration systems.

Ammonia Managers Association (#404)

101 East 400 North
Springville, UT 84663
Tel: 801-489-0900
Fax: 801-489-0902
www.nh3mgr.com

The Ammonia Managers Association offers solutions for effective management of requirements that surround the industrial use of ammonia such as regulatory compliance (PSM/RMP), safety, and training. WBManager.com software, which is distributed by the Ammonia Managers Association, has been developed in order to effectively and efficiently meet these objectives.

APEX Refrigeration (#302)

2930 W. Willetta Street
Phoenix, AZ 85009
Tel: 602-864-1600
Fax: 602-864-2772
www.apexrefrig.com

Apex Refrigeration & Boiler Co. is a complete design-build industrial refrigeration Contractor based in Phoenix, Arizona with offices in Stockton, CA and Yuma, AZ. We construct turnkey refrigeration facilities, process cooling or heating, chillers, boilers and any process requiring heat transfer. Compressor rebuild shops are located in Phoenix and Stockton.

ARTS Academy (#505)

PO Box 1057
Salida, CA 95368
Tel: 209-545-0770
Fax: 209-545-0770
www.artsammonia.org

A project of the Monterey Bay Chapter of RETA, the ARTS Academy provides both general and site-specific training of industrial refrigeration systems, emergency response and regulatory compliance matters.

Baltimore Aircoil Company (#706, #708, #710)

PO Box 7322
Baltimore, MD 21227
Tel: 410-799-6200 or 1-800-I-LUV-NH3
Fax: 410-799-6405
www.BaltimoreAircoil.com

Baltimore Aircoil Company is a worldwide leader in the design and manufacture of evaporative cooling and heat transfer equipment. Products and services include open cooling towers, closed circuit cooling towers, evaporative condensers, AircoilTM evaporators and ice thermal storage systems.

Benshaw, Inc. (Non-exhibiting sponsor)

1659 E. Sutter Road
Glenshaw, PA 15116
Tel: 412-487-8235
Fax: 412-487-4201
www.benshaw.com

Benshaw Inc., the largest manufacturer of Custom Motor Controls in the industry. High performance, High reliability and 24 x 7 Customer Service Support for all Starters, Drives and Machine Controls.

Bighorn Environmental Safety & Health LLC (#607)

3725 Hemlock Pl, SE
Albany, OR 97322
Tel: 541-928-3077
Fax: 541-928-3077

Bighorn Environmental Safety & Health, LLC is a full-service regulatory compliance company. We provide wall-to-wall audits and develop the policies, procedures, plans and training necessary to comply with site-specific facility requirements. We are prepared to reduce your criminal and civil liability and maintain them at their lowest achievable levels. In addition, we provide risk assessments, planning, training and emergency response services for preventing and responding to natural and manmade threats, including terrorism.

Camco Lubricants (#407)

1441 Rice Street
St. Paul, MN 55117
Tel: 651-489-8828
Fax: 651-489-8857
www.camcolubricants.com

Camco Lubricants, nationally known for its 717 series ammonia refrigeration oil, is also a provider of high-quality food-grade lubes for air compressors, gear, hydraulic, and grease applications. Come to Booth 407 to see Camco's products for ammonia.

CavCom, Inc. (#108)

PO Box 1455
Walker, MN 56484
Tel: 218-547-4988 or 866-547-4988
Fax: 218-547-4913
www.cavcominc.com

CavCom is the exclusive manufacturer of "talk-through-your-ears" communication devices that provide both effective hearing protection and clear two-way radio communication in very high noise and hazmat environments. CavCom is designed to be used with respirators and with the customer's radio system.

Colmac Coil Manufacturing, Inc. (#300, #301)

PO Box 571
Colville, WA 99114-0571
Tel: 509-684-2595
Fax: 509-684-8331
www.colmaccoil.com

Colmac manufactures a complete line of commercial and industrial air coolers and condensers. In addition to its standard line of products, Colmac offers custom engineered solutions to meet customers' specific needs.

Concepts and Designs, Inc. (#508)

2100 Park Drive NW
PO Box 288
Owatonna, MN 55060
Tel: 507-451-2198
Fax: 507-451-1177
www.cdihvac.com

Concepts and Designs, Inc. (CDI) applies, designs and manufactures Critical Process Air Handlers and Desiccant Dehumidification units. Unit casings options include wipe down or wash down duty. CDI's optional patent NTM (NoThruMetal) design casing meets the demands of low temperature environments without condensing. All inquires should be directed to sales@cdihvac.com.

Cool Air Incorporated (#409)

1441 Rice Street
St. Paul, MN 55117
Tel: 651-487-8844
Fax: 651-487-8857
www.coolairinc.com

Cool Air Incorporated manufactures a variety of ammonia leak detectors that are extremely sensitive to ammonia gas. Our instruments are extremely reliable, have an adjustable range of 25 PPM to 800 PPM, very cost-effective, virtually maintenance-free, and are considered your 24/7/365 watchman. Protect your personnel and facility today!

Cornell Pump Company (#207)

PO Box 6334
Portland, OR 97228-6334
Tel: 503-653-0330
Fax: 503-653-0338
www.cornellpump.com

Cornell Pump has established the industry standard for premium quality performance in the industrial refrigeration marketplace. Liquid overfeed and transfer pumps are designed and manufactured specifically for industrial refrigeration applications.

Danfoss Inc. (#705)

7941 Corporate Drive
Baltimore, MD 21236
Tel: 410-931-8250
Fax: 410-931-8256
www.danfoss.com/North_America
Danfoss' complete line of refrigeration valves and electronic controllers includes assembled valve stations in one shared housing and weld-in motorized, solenoid and control valves designed to 754 psig DWP.

DFW Chapter of RETA (Non-exhibiting sponsor)

c/o David Phillips - Secretary/Treasurer
9109 Breezy Road
Krum, TX 76249
Tel: 469-384-6896
It is time for the Chapters to step up and build new Chapters. It is our responsibility to aid in the growth of our association. Growth benefits all Chapters by increasing our financial security and increasing our most valuable resource, members. The DFW Chapter is challenging all Chapters to build our collective future.
James A. Price, Sr. - President

Doubl-Kold (#501)

3505 1/2 Fruitvale Blvd
Yakima, WA 98902
Tel: 509-248-9588
Fax: 509-453-6538
http://www.doubl-kold.com

Doubl-Kold is an Industrial Refrigeration and Computer Controls Contractor servicing food processors and cold storage facilities in the Pacific Northwest and across the United States. We specialize in Refrigeration Construction, Engineering, Hazmat training, PSM/RMP, Computer Control Systems, Energy Savings Systems, Controlled Atmosphere equipment and installation, Ozone Sanitation, parts and service. Doubl-Kold is a distributor of Vilter manufacturing equipment.

Draeger Safety, Inc. (#101)

505 Julie Rivers #150
Sugar Land, TX 77478
Tel: 281-207-1200
Fax: 281-498-5190
www.draeger.com
Draeger Safety offers a complete line of ammonia gas detection products including toxic and combustible gas monitors, controllers and gas monitoring systems for all ammonia applications.

Edgen Murray Corporation (#307)

10370 Richmond Avenue, Suite 900
Houston, TX 77042
Tel: 713-268-7200
Fax: 713-978-7348
www.edgencorp.com
Servicing the refrigeration, power, petrochemical, refining, and gas transmission industry worldwide — Edgen Murray is a well-known and reliable national and international distributor of carbon and alloy pipe, fittings, flanges, valves, plate and structural shapes and valves. Call us today and get on the cutting edge with Edgen Murray.

EVAPCO, Inc. (#310, #311)

5151 Allendale Lane
Taneytown, MD 21787
Tel: 410-756-2600 Cell: 443-604-5084
Fax: 410-756-6450
www.evapco.com
EVAPCO is a world leader in the design and manufacture of industrial refrigeration system components. Products include ammonia air unit evaporators, critical process air systems, condensers, non-chemical water treatment, recirculators and ice storage systems.

Extol of Ohio Inc. (#206)

208 Republic Street
Norwalk, OH 44857
Tel: 800-486-9865
Fax: 419-663-1992
www.extolohio.com
Extol of Ohio, Inc., is a world-leading fabricator of insulation systems for refrigeration, process, and commercial applications. Extol of Ohio, Inc. supplies a full product range of insulation materials, coatings, sealants, and jacketing and has cutting-edge fabrication capabilities.

Farley's S.R.P. Inc. (#110, #112)

PO Box 530
Astatula, FL 34705
Tel: 352-742-2012
Fax: 352-742-2010
www.farleys-srp.com
Farley's S.R.P Inc. — AKA Farley's Frigeration: Family owned and operated since 1978 providing the highest quality replacement parts for use in all refrigeration equipment; specializing in Vilter compressor packages personal touch service.

FES Systems Inc. (#308, #309)

3475 Board Road
York, PA 17406
Tel: 717-767-6411
Fax: 717-764-3627
Email: sales@fessystems.com
www.sales@fessystems.com

FES Systems Inc. designs and manufactures equipment and packaged systems for the industrial refrigeration market. Products include screw compressors, reciprocating compressors, plate chiller packages, shell/tube and plate/frame heat exchangers, valves, purgers, micro-processor control panels and supervisory systems.

Garden City Community College - Ammonia Refrigeration Training (#401)

801 Campus Dr
Garden City, KS 67846
Tel: 620-276-9520
Fax: 620-275-3258
www.nh3gccc.com

The leading ammonia refrigeration training facility for over 11 years, training over 5000 refrigeration operators in the theory, safety and efficiency of ammonia refrigeration processes. Our 4-1/2 day seminars earn credit hours with degree opportunities available.

GEA Process Equipment Division GEA PHE Systems North America, Inc. (#210)

100 GEA Drive
York, PA 17402
Tel: 717-268-6200 or 800-774-0474
Fax: 717-268-6163
www.flatplate.com

Braze Plate Heat Exchangers for Industrial Refrigeration, Ammonia and Process Refrigeration Systems.

GfG Instrumentation (#203)

1194 Oak Valley Drive, Suite 20
Ann Arbor, MI 48108
Tel: 800-959-0329 or 734-769-0573
Fax: 734-769-1888
www.gfg-inc.com

Complete ammonia safety systems in ambient air. GfG's complete ammonia technology is unmatched by the competition. GfG is an industry leader – with instruments that detect in the most hazardous of ammonia gas conditions.

Golder Associates, Inc. (#400)

9428 Baymeadows Road, Suite 400
Jacksonville, FL 32256
Tel: 904-363-3430
Fax: 904-363-3445
www.golder.com

Golder offers RMP/PSM compliance services for ammonia refrigeration facilities including:

- RMP submittal preparation
- Offsite consequence analysis
- Program development, including SOPs
- Auditing
- Process Hazard analyses
- Emergency Response Plans
- Training

H.A. Phillips & Co. (#106)

1612 Louise Drive
S. Elgin, IL 60177-2242
Tel: 630-377-0050 Ext 317
Fax: 630-377-2706
www.haphillips.com

Phillips manufactures refrigeration valves, ASME pressure vessels, level controls, gas-powered liquid transfer systems and overfeed systems, Level Eye sight glasses, flanges & unions, and mechanical pump recirculation packages. Phillips also distributes the complete line of Danfoss industrial refrigeration products.

Hansen Technologies Corporation (#208)

6827 High Grove Blvd
Burr Ridge, IL 60527
Tel: 630-325-1565
Fax: 630-325-1572
www.hantech.com

Hansen Technologies offers an extensive line of innovative components for industrial refrigeration systems including control valves, shut-off valves, pressure-relief valves, pumps, air purgers, defrost controls, and level controls.

HCR Inc. - a Division of Jamison Door Company (#503)

PO Box 12023
St Petersburg, FL 33733
Tel: 727-374-1697
www.hcr-inc.com

Since 1974 HCR has been totally eliminating ice, frost and condensation from freezer doorways through properly engineered, energy efficient air curtains. With HCR, the hundreds of thousands of kwh normally required for typical freezer doorway heat drops to ZERO! How? Because we use perfectly good, low-grade waste heat from the refrigeration system. Plus, you get HCR's unconditional guarantee of satisfaction.

Hermetic Pumps Inc. (#402)

19207 Milloak Station Court
Humble, TX 77346
Tel: 281-812-7500
Fax: 281-812-7505
www.hermeticpumps.com

Hermetic Pumps has more than 50 years experience in handling refrigerants in canned motor pumps. Hermetic Pumps is the only canned motor pump manufacturer that offers canned motor pumps designed specifically for refrigerant services.

Hill Brothers Chemical Company (#405)

1675 N. Main Street
Orange, CA 92867
Tel: 714-998-8800 or 800-994-8801
Fax: 714-998-8196
www.hillbrothers.com

Hill Brothers supplies the Western U.S. with industrial and construction chemicals. In addition to handling a full compliment of general chemical products at most of our locations, some of Hill Brothers' most visible line concentrations include:

- Anhydrous Ammonia and Ammonium Hydroxide (Aqua Ammonia)
- Calcium Chloride - Liquid, Anhydrous, and Powdered Acid and Alkali Products

HOERBIGER Compression Technology (#411)

3350 Gateway Drive
Pompano Beach, FL 33069
Tel: 954-974-5700
Fax: 954-974-2425
www.hoerbiger-compression.com

HOERBIGER manufactures non-slamming check valves for air and gas service and compressor valves for reciprocating compressors. The company also provides valve repair service for all makes and types of compressor valves.

Honeywell Analytics (#305)

405 Barclay
Lincolnshire, IL 60069
Tel: 1-800-538-0363
Fax: 847-955-8208
www.honeywellanalytics.com

Honeywell Analytics (Booth #305) manufactures fixed and portable gas detectors for industrial and commercial applications. Our Manning-brand gas detectors are renowned for their robust performance and superior sensing technology, ideally suited for the harsh environments typical of cold storage operations.

Industrial Consultants (#707)

P.O. Box 833
Owasso, OK 74055
Tel: 918-274-8639
Fax: 918-274-8816
www.ammonia.com

"Your Compliance Connection" for OSHA and EPA related training and services, including Emergency Response, Incident Command, Refrigeration Operator Training, PSM Programs, Audits, Mechanical Integrity Inspections and Risk Management Programs.

Insul-Therm International LLC (#105)

6333 Corsair Street
Commerce, CA 90040
Tel: 323-728-0558
Fax: 323-726-5135
www.insultherm.com

Insul-Therm International is a leader in the Industrial Insulation industry. We Fabricate and Distribute high quality insulation products for mechanical systems that require extreme temperature control.

Integrated Circuit Systems, Inc. (Non-exhibiting sponsor)

PO Box 1082
400 84th Street, SW
Byron Center, MI 49315
616-878-4334
616-878-0844
www.icsnh3.com

ICS is a systems integrator that specializes in industrial refrigeration controls. The components and software used in our systems are nonproprietary. We are experts in control system retrofits and are capable of turnkey solutions. We develop and employ proven energy cost reducing control strategies.

International Institute of Ammonia Refrigeration (IIAR) (#103)

1110 North Glebe Road, Suite 250
Arlington, VA 22201
Tel: 703-312-4200
Fax: 703-312-0065
www.iiar.org

IIAR is an organization providing advocacy, education, standards, and information for the benefit of the ammonia refrigeration industry worldwide. IIAR represents the industry in code and regulatory forums and produces authoritative industry consensus documents, such as guidelines, standards and training materials that include best practices, operating procedures and industry standards.

Johnson Controls/Frick (#202, #204)

100 CV Ave
Waynesboro, PA 17268
Tel: 717-765-2418
Fax: 717-762-1305
www.frickcold.com

Full line of refrigeration equipment for most applications. Rotary Screw Compressor Packages with Variable Speed Drive, Evaporative Condensers, Air Units, AcuAir Hygienic Air Handlers, Vessels, Controls, Replacement Parts. Take control with FRICK.

Kemper Refrigeration (#408)

156 5th St
Wilder, ID 83676
Tel: 208-482-7811
Fax: 208-482-7790
www.kemperrefrigeration.com

For almost 30 years, Kemper Refrigeration, Inc. has been serving the needs of the Industrial Refrigeration Industry throughout California and the Western United States.

Kemper strives to be on the leading edge when it comes to designing and installing refrigeration systems and servicing industrial refrigeration equipment.

Krack Corporation (Non-exhibiting sponsor)

401 S. Rohlwing Road
Addison, IL 60101
Tel: 630-629-7500
Fax: 630-629-0168
www.krack.com

Krack Corporation manufactures a complete line of commercial and industrial evaporators, condensers and condensing units for ammonia, halocarbon and brine applications. All products are extensively designed, tested and built to rigid guidelines and specifications that time- after-time result in exceptional operating performance. Our 75 years of history are reflected in our customer-focused and industry-leading product solutions for today.

Lanier Technical College (#111)

2990 Landrum Education Drive
Oakwood, GA 30566
Tel: 770-531-4500
Fax: 770-531-6355
www.laniertech.edu

Lanier Technical College's 4,000 square-foot hands-on training laboratory is the leading state-of-the-art industrial ammonia refrigeration training center.

Logic Technologies, Inc. (#702)

117 Bellamy Place
Stockbridge, GA 30281
Tel: 770-389-4964
Fax: 770-389-4871
www.logictechnologies.com

Logic Technologies, Inc., the industry's foremost leader in factory automation and computer controls company, provides turnkey, state-of-the-art automation systems for refrigeration, formulation, and production, and is setting the standard for today's automation.

LUDECA, INC. (#701)

1425 NW 88th Avenue
Doral, FL 33172
Tel: 305-591-8935
Fax: 305-591-1537
www.ludeca.com

LUDECA, INC., your source for Preventive, Predictive and Corrective Maintenance Solutions including laser alignment; vibration analysis and balancing equipment; software, services and training. LUDECA will have on display the Award-Winning ROTALIGN ULTRA shaft alignment system and the VIBXPERT, the most advanced vibration analyzer in the market! See them at Booth #701.

Marking Services Inc. (#709)

8265 N. Faulkner Road
Milwaukee, WI 53224
Tel: 800-234-0135
Fax: 800-627-6432
www.markserv.com

MSI's experienced staff and knowledge in IIAR standards will help ensure that you are getting the right pipe, valve and safety sign identification products for your environment.

Morfab Company Inc. (Non-exhibiting sponsor)

- LPR & HPR Receivers
- Accumulators
- Suction Traps
- Intercoolers/precoolers
- Oil Pots
- Shell & Tube Chillers/Exchangers
- Surge Drums

MTH Pumps (#209)

401 W. Main St.
Plano, IL 60545
Tel: 630-552-4115 cell 770-597-2237
Fax: 630-552-3688
www.mthpumps.com

A leading manufacturer for more than 40 years of low NPSH and low-vapor pressure pumps. Innovative designs for transfer and circulation for the refrigeration industry. For information about our sealless canned pump for NH₃ transfer contact Barbara Sharony at sersm@mtspumps.com or call 770-597-2237.

Mycom/Mayekawa, U.S.A. (#406)

19475 Grammercy Place
Torrance, CA 90501
Tel: 310-328-1362
Fax: 2310-782-6759
www.mycomus.com

Mycom is known worldwide for its ability to build a reliable compressor that is easy to maintain and very cost effective. Customers expect the highest-quality compressors in the industry, and Mycom delivers.

Nalco Company (#606)

1601 West Diehl Road
Naperville, IL 60563
Tel: 509-928-7713
Fax: 509-927-9395
http://www.nalco.com

Nalco Company, the global leader in water management for over 75 years, provides innovative, single-source solutions. Nalco solutions provide competitive advantages in safety, environmental stewardship, energy conservation, system efficiencies, regulatory compliance water reuse, and waste reduction. Learn about Nalco's latest innovations in coil cleaning and cooling water at Booth #606.

Pacific Diazo Products, Inc. (#600)

930 S. Mt. Vernon Ave #900
Colton, CA 92324
Tel: 1-800-266-6642
Fax: 1-888-266-6642
www.PacificDiazo.com

*Supplier of Refrigeration Grade Anhydrous Ammonia with company HAZWOPER drivers. Our field service department offers pump-outs, temporary storage, safety training and emergency response assistance.
Call us at 1-800-AMMONIA*

Parker Hannifin Corporation - Refrigerating Specialties (#506)

2445 South 25 Avenue
Broadview, IL 60155-3858
Tel: 708-681-6300
Fax: 708-681-6306

www.parker.com/rs

The Refrigerating Specialties Division of Parker Hannifin Corporation manufactures a complete line of industrial refrigeration flow control valves, safety relief valves, and hand shut-off valves. System applications include evaporator pressure controls, automatic hot gas defrost, heat reclaim, and head pressure control.

Paul Mueller Company (Non-exhibiting sponsor)

1600 W. Phelps
Springfield, MO 65802
Tel: 417-575-9352
Fax: 800-436-2466
www.muel.com

Paul Mueller Company will feature their Falling Film Chiller, Semi-Welded Plate and Frame Heat Exchanger, Brazed-Plate Heat Exchanger and Heat Recovery Equipment.

PermaCold Engineering Inc. (#304, #306)

3005 NE Argyle St
Portland, OR 97211
Tel: 503-249-8190 or 800-455-8585
Fax: 503-249-8322
www.permacold.com

PermaCold is dedicated to providing the very best in engineering and field construction services to its customers. This effort extends from the very first engineering calculation, to the CAD computer screen, to the field site management of the project, to the very last weld on the piping, to the system pressure test and, finally, to the proper start-up of the system. Our standard is the very best quality in all phases of the job. We are pleased to offer the refrigeration industry quality work delivered on time, in a safe manner and at a fair price.

Petrochem Insulation Inc. (#109)

110 Corporate Place
Vallejo, CA 94590
Tel: 707-644-7455
Fax: 707-644-4908
www.petrocheminc.com

Petrochem Insulation Inc. is a nationwide specialty contractor with 33 years of experience in the field of refrigeration systems insulation. Working from nine regional offices, the company finds no job too small or too large.

Process Compliance, Inc. (#205)

PO Box 9581
College Station, TX 77842
Tel: 281-703-6079
Fax: 281-754-4722
www.protexus.com

PCI provides Five-year Mechanical Integrity Inspections and Testing of ammonia refrigeration systems. Visit us at booth 205.

RAE Corporation - Century Refrigeration (#601)

PO Box 1206
Pryor, OK 74362
Tel: 918-825-7222
www.rae-corp.com

RAE Corporation manufactures a full line of quality refrigeration, air conditioning, and coil products. Our motto is, "We build refrigeration and air conditioning products to one set of specs Yours!"

RAM Industries (#107)

5460A Pottsville Pike
Leesport, PA 19533
Tel: 610-916-3939 or 800-999-8183
Fax: 610-916-0157
www.ramusa.com

RAM Industries manufactures motors, starters, inverters, and custom controls for the refrigeration industry. The company produces 230/460V and 2300/4160V motors, 60HP-2000HP. Our mission is to provide quality products in a cost-effective manner with 100% customer service.

Ramos & Venencia Pacheco Silversmiths

PO Box 242
Santo Domingo Pueblo, NM 87052
505-465-2813

Risk Management Professionals Inc. (#410)

27405 Puerta Real, Suite 220
Mission Viejo, CA 92691
Tel: 949-282-0123
Fax: 949-282-0068
www.rmppcorp.com

Risk Management Professionals Inc. provides high value Process Safety Services with practical solutions. Services:

- EPA Risk Management Plans (RMP)
- OSHA Process Safety Management (PSM)
- Compliance Audits
- Emergency Response Planning and Training
- Security Vulnerability Assessments
- Piping and Instrumentation Diagrams (P&IDs)
- On-site Health & Safety Training

Sherrill & Associates, LLC (Non-exhibiting sponsor)

5411 New Castle St.
Gainesville, GA 30507
Tel: 678-840-2237
Fax: 678-840-2288

Refrigeration Operator, HazMat, and PSM / RMP Training and Consulting services for the Industrial Ammonia Refrigeration Industry.

Stellar (#100, #102)

2900 Hartley Road
Jacksonville, FL 32257
Tel: 904-899-9362 Cell 904-631-7485
Fax: 904-899-9362

www.stellar.net

From over 24 U.S. locations, Stellar provides industrial refrigeration engineering, fabrication, contracting and maintenance. Stellar also is a supplier of OEM parts and equipment. In addition, Stellar offers compressor repair and remanufacturing capabilities in four strategic locations.

Teikoku USA Inc. (#507)

7010 Empire Central Drive
Houston, TX 77040-3214
Tel: 713-983-9901
Fax: 713-983-9919

www.teikoku-usa.com

Teikoku, the world's largest manufacturer of sealless canned motor pumps, exhibits its proven ammonia pumps. Teikoku manufactures both pumps and motors and now has manufacturing facilities in the United States.

The Dow Chemical Company (#604)

1605 Joseph Blvd, 200 Larkin
Midland, MI 48684
Tel: 866-583-BLUE
Fax: 989-636-3677

www.dowpipe.com

The Dow Chemical Company - Mechanical Insulation Solutions: TRYMER™, STYROFOAM™ and SARAN™ products from Dow provide dependable service in refrigeration applications. The products help maintain consistent process temperatures, limit heat gain (or loss) and resist moisture penetration – even at fittings and elbows. They also meet stringent standards for surface cleanliness. Dow pipe insulation products and SARAN Film are not known nutrient sources for mold and fungus growth. www.dowpipe.com

Tracer ES&T (#200)

970 Los Vallecitos Blvd. Suite 100
San Marcos, CA 92069
Tel: 760-744-9611
Fax: 760-744-8616

www.tracer-est.com

Tracer ES&T specializes in risk and safety programs for ammonia refrigeration systems. With more than 35 years of practical experience in the ammonia refrigeration industry, Tracer ES&T can provide practical and cost-effective programs for compliance with the PSM and RMP.

Vilter Manufacturing LLC (#403, #502)

5555 So. Packard Ave
Cudahy, WI 53110
Tel: 414-744-0111
Fax: 414-744-3483

www.vilter.com

Vilter Manufacturing's complete line of industrial refrigeration compressors includes reciprocating, single screws, and twin screws. Vilter's single screw compressors provide the lowest life-cycle costs, and highest reliability of all industrial refrigeration compressors, and is backed by Vilter's exclusive 5/15 warranty, with a 5-year compressor and 15-year bearing warranty.

Vogt Tube Ice (#605)

1000 W. Wormsby Avenue #19
Louisville, KY 40210
Tel: 800-853-8548
Fax: 602-634-0479

www.vogtice.com

Manufacturers of ice Makers 1 to 184 tons, Bulk ice Storage to 400 tons and falling film chillers in four frame sizes using up to 30 plates

VRTX Technologies (#602)

5850 Corridor Parkway
Schertz, TX 78154
Tel: 210-651-7402
Fax: 210-651-7538

www.vrtxtech.com

VRTX™ Technologies specializes in chemical-free treatment of water used in cooling towers and evaporative condensers. The VRTX system relies on kinetic energy, hydrodynamic cavitation, and chemical equilibrium to control scale, corrosion, and bio-fouling without the hazards of chemical treatment. VRTX also minimizes corrosion and microbiological growth, reduces system operating costs, and conserves water and energy.
